

RENAISSANCE ACADEMY

14401 Owen Tech Blvd., Austin, TX 78728 | Nationally Accredited: Cognia, SACS, CASI

Computer Applications & Science Teacher

Middle School (Grades 6, 7 & 8) · Temporary / Semester 1 · Aug 4 – Dec 18, 2026

ABOUT RENAISSANCE ACADEMY

Renaissance Academy is a nationally accredited private K–12 school in Austin, Texas, recognized by Cognia, SACS, and CASI. We are seeking a skilled and passionate technology educator to deliver a computer applications and introductory computer science program for our middle school students during the first semester of AY 2026–2027. We welcome applicants of all backgrounds who are committed to excellent teaching.

Employment Type	Temporary / Semester
Start Date	August 4, 2026
End Date	December 18, 2026
Compensation	Commensurate with Experience

POSITION OVERVIEW

The Computer Applications & Science Teacher serves students in Grades 6, 7, and 8 during Semester 1 of the 2026–2027 school year. The role covers practical technology skills and foundational computer science concepts and operates from a dedicated computer lab. The ideal candidate brings both technical fluency and strong classroom presence. This is a semester-long position and does not automatically extend into Semester 2.

KEY RESPONSIBILITIES

▪ Teach Computer Applications and introductory Computer Science concepts to Grades 6, 7, and 8	▪ Integrate digital citizenship, online safety, and responsible technology use across all grade levels
▪ Deliver instruction in productivity tools: word processing, spreadsheets, presentations, and digital research	▪ Manage and maintain the computer lab environment, devices, and software in coordination with school IT
▪ Introduce foundational coding and computational thinking through age-appropriate platforms (e.g., Scratch, Code.org, Python basics)	▪ Differentiate instruction to support diverse learners across three grade levels
▪ Design project-based learning activities that connect technology skills to real-world applications	▪ Collaborate with core subject teachers to support cross-curricular technology integration
▪ Assess student progress using project-based and skills-based evaluation methods	▪ Attend school-wide professional development, staff meetings, and school events

- | | |
|--|--|
| ▪ Maintain accurate grade records and communicate student progress to families | ▪ Fulfill assigned campus duties as part of the regular school day |
|--|--|

QUALIFICATIONS

▪ Bachelor's degree required; Computer Science, Information Technology, or Education preferred	▪ Strong classroom management and student engagement skills
▪ Experience teaching technology, computer applications, or CS to middle school students	▪ Texas teaching certification preferred (out-of-state accepted)
▪ Proficiency in Google Workspace and/or Microsoft Office suite	▪ Ability to manage and troubleshoot classroom technology independently
▪ Familiarity with introductory coding platforms (Scratch, Code.org, Python, or similar)	▪ Enthusiasm for technology education and a growth mindset in a fast-changing field

COMPENSATION & BENEFITS

We Offer:

- Competitive hourly rate commensurate with experience
- Health insurance
- Employee discount
- Highly engaged and educated parent community
- Small class sizes

This is a temporary semester-long assignment. Employment does not extend beyond December 18, 2026 without a written agreement from school administration.

HOW TO APPLY

To apply, please submit the following to raprincipal@racademy.org:

- A detailed resume
- Names, affiliations, and phone numbers of three recent professional references (personal references will not be accepted)

Interviews will commence immediately and continue until the position is filled.
